

Camp is MONDAY!

To help set up your camper for the best day possible, please remember the following:

1. Make sure they dress appropriately for the weather and wear CLOSE-TOED shoes!
2. Pack a reusable water bottle and a hearty, nut-free lunch!
3. Label everything with your camper's name and unit number!
4. Make sure your camper knows their unit number (writing it on their hand is really helpful).

If you have medicine to deliver to the First Aid Room, please park and walk into the Lodge with the meds and appropriate [paperwork](#).

During Drop Off, please wait for volunteers to open the door for your camper. This will keep them safe in the parking lot!

During Pick Up, please remember your ID! For the safety of all campers, we will only sign them out after verifying your identity and that you are on the approved pick-up list. Make sure you have your camper's names and unit numbers on your dashboard! The file is [HERE](#).

Important Notes:

Camper Pick Up is one of the most stressful times at Camp as we work to get 325 campers home safely and efficiently. Please help us out by car-pooling (make sure you are on each camper's approved pick up list - [email Sharpie](#) to verify this BEFORE Monday). Have your Photo ID ready! Follow our volunteers' directions, and remember to thank them - they are doing a lot of hard work to ensure your camper's have a wonderful time

What to Expect Monday

Our Program Aides (PAs) and volunteers have been working hard to make sure every camper has a great time! We have been inspired by the theme of the Elements and are working to incorporate Earth, Wind, Fire & Water. We will have some fun team building activities on Monday to help everyone get to know each other.

For snack, they will be working with box ovens to make cookies!

It will be HOT, so please make sure you send a water bottle!
