

We've had a busy day at SDC!

What a brilliant day! They learned about safety. They made a personal survival kit and learned about what to do in cases of emergency.

Campers made color walking socks! They should be rinsed until the water runs clear and washed separately for the first time!

Our 6th Graders and PATs went to the Bellevue Challenge Course and worked on team building and overcoming fears. They did a great job!

Important Notes:

You don't need to send your camper with a lunch tomorrow! We are bringing in pizza from Domino's, and providing fruit and vegetables. We make every attempt to provide for allergies - with gluten free and cheese free pizza. If you are concerned or your camper doesn't want to eat pizza, feel free to send an alternative.

What to Expect Tomorrow

Sadly, Friday is the last day of Camp. We were inspired by the Element of Earth. Campers will have a great time as they bond further with their Units. We are really excited for the camp-wide dance party after lunch! Please remember that lunch is provided on Friday.

Links & Contacts

Please tell us about your camper's awesome PAs!
