

We've had a busy day at SDC!

Tuesday is typically the most active day for campers. We hope your campers came home tired and excited for another day!

Everyone had a great time working as team in the obstacle course. We loved seeing them work to problem solve and cheer each other on!

Campers tapped in to some engineering skills as they designed and built a fling flyer. They also learned about the importance of pollinators and honed their skills with tools. You can find out more about Mason Bees [HERE](#).

We also tie dyed bags that will be given to [Mary's Place](#), a shelter in Seattle for homeless women, children, and families. We will be filling some with essentials and delivering the rest to use for handing out food, school supplies, or whatever they need. We love being able to give back to our community, and this was a really fun activity!

Important Notes:

Please remember that Thursday is Sprinkler Day! Campers up through 5th grade will have a break and be able to run through the sprinklers on the main field after lunch. Please pack your camper with a swimsuit and towel!
Sixth Graders & PATs will leave camp for a fun-filled field trip to the Bellevue Challenge Course!

What to Expect Tomorrow

Wednesday is Carnival Day!
We are focusing on the Element of Fire and will touch on Fire Safety.
Our Carnival is run by our PATs (Program Aids in Training). They have been working hard to earn their PA Award and be ready to lead campers next year!

Links & Contacts

Please tell us about your camper's awesome PAs!
Camp Photos are available by following the button the Camp Info Page.
The site is password protected, and the password is in emails.
Photos will be updated soon as possible.
