

We've had a busy day at SDC!

What a fun day! Your camper should be exhausted after running around in the Carnival!

We loved watching them learn new ways to start a safe fire with flint and make campfire starters. They should now be able to tell you the basics of safely working with fire.

Important Notes: Sprinklers are CANCELLED

Sadly, the weather report is showing it will only be 63 degrees when sprinklers were scheduled, so we have made the decision not to risk freezing our campers.

We will be playing some great games during that time instead.

What to Expect Tomorrow

Thursday is inspired by the Element of Water. We will be learning about the importance of water and personal safety. Daisies through Juniors will be learning all of the skills needed to earn their Girl Scout Safety Award!

Sixth Graders and PATs will be heading out to the Bellevue Challenge Course. We are excited to hear how they do with the courses!

Again, we are sorry about the sprinklers, but we are looking out for the comfort of all of our campers!

Links & Contacts

Please tell us about your camper's awesome PAs!
Camp Photos are available by following the button the Camp Info Page.
The site is password protected, and the password is in emails.
Photos will be updated soon as possible.
